PORTFOLIO

PROFILE

I was born in Mérida, Yucatán, México. I have a degree in Mechatronics I recently participated in the Oracle ONE program and I am currently doing a Data Science Bootcamp.

As a mechatronic engineer, I am qualified to work on multidisciplinary projects that cover areas such as electronics, automation, and IT. I have an open mind aimed at solving engineering problems as well as the desire to grow professionally and keep myself up with cutting-edge technology to be more competent in the industry. I consider myself an enthusiastic, honest, adaptive, responsible, dependable, and persevering person with research skills, eagerness to learn, an open attitude for new challenges, and ready to help the team achieve company goals.
